IDEAL FOR INDUSTRY

Progressive Council-Manager government in both communities providing up-to-date water, electric and other public services. Served by the Seaboard Coast Line and Southern Railroads. Near Raleigh-Durham Airport. Intersection of major highway arteries. (I-95, U. S. 301 and U. S. 70). Served by leading truck lines. Productive labor supply vouched for by industries already established. Friendly atmosphere for industry and its executive personnel.

IDEAL FOR LIVING

Excellent schools and churches. Fine civic clubs, excellent libraries and other cultural advantages. Beautiful lake, good fishing, country club and 2 golf courses. Community recreation parks. Friendly residential neighborhoods. Modern 200-bed hospital. AND THESE ADDED ADVANTAGES: Smithfield and Selma are close to major centers of government, business, culture and recreation. Near nationally prominent colleges and universities, near state capital, six hours by highway from Washington, D. C., 500 miles from New York, two hours from ocean resorts, five hours from famous Blue Ridge Parkway in Western North Carolina mountains.

IDEAL FOR RETAIL BUSINESS

These two communities are in exact center of Johnston County and economy is rapidly changing to excellent balance between industry and agriculture.

Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Smithfield and Selma City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Smithfield and Selma's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Smithfield and Selma to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Smithfield and Selma City Directory will fulfill its mission as a source of authentic information pertaining to the cities.

Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the cities, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the cities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified cities like Smithfield and Selma, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The City Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of

Smithfield and Selma, and the name, official personnel, nature and address of each firm and corporation in the cities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Smithfield and Selma.

The Smithfield-Selma Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Smithfield and Selma City Directory, a Directory Library is maintained in the offices of the Greater Smithfield and Selma Area Chambers Of Commerce Inc., for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

cars and modern two-way radio equipment. The city also employs a full-time Recreation Director.

General Review

Oldest, largest and busiest of Johnston's ten towns, Smithfield is the county seat with an estimate of 7,000 population. In 1890, it was only 545. Once it was a river town, and the Neuse still flows slowly along the west edge of its business section, but its commercial importance now is the potential it has as a source of industrial water. Smithfield's water facilities are adequate for an anticipated growth of 20 years.

Downtown Smithfield spreads east of the courthouse lawn, and is a mixture of retail stores, farm equipment places and tobacco warehouses. Tobacco is still a big thing in the life of the average Smithfield citizen. When the nine auction warehouses sell some 20,000,000 pounds, they turn loose \$18 to \$20 million, and a good part of it goes to Smithfield—either directly into the pockets of absentee farmers living in town, or indirectly via farm trade.

Tobacco is, however, an old story to Smithfield. In 1770, the legislature established a public "Inspection of Tobacco" in Johnston at the ferry on the lands of John Smith. Here, tobacco was inspected, and put in stamped hogsheads. It was floated down to New Bern in flatboats. Consequently, Smithfield is the oldest tobacco market in North Carolina, still in business, allowing, of course, for interims of inactivity.

The modern auction market opened in 1898, via a warehouse operated by Skinner and Barham.

The redrying houses, also operating seasonally, provide one of the largest sources of employment in the county, aside from agricultural pursuits.

The cotton market, though overshadowed, is one of the largest in the state, with three gins and facilities for storing 18,000 bales. There is a large livestock market.

But industrial additions such as Burlington Mills, the Jerold Corporation, Fieldcrest Mills, Carolina Packers, Sylvania Electric Products, Shallco, Inc., AMS, Inc., and others are broadening the base of the

Johnston County Courthouse
Located on Market Street in Smithfield

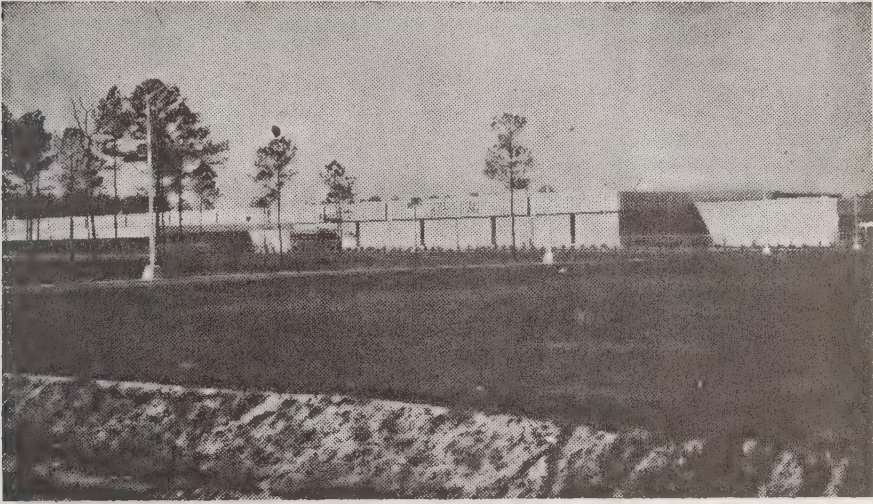

town's economy, as well as providing a better balance between agricultural and industrial pursuits.

Smithfield's strategic location at the intersection of the main North-South Routes (I-95 and U. S. 301), and East-West (U. S. 70), plus the Seaboard Coast Line Railroad, and the Neuse River makes it an ideal location for industry. The availability of labor as well as adequate plant sites bodes well for its continued industrial growth.

Smithfield's business and civic leaders, as the result of a tour of several states viewing community improvement ideas, with full cooperation on the community level, unfolded "The Smithfield Plan." Through coordination of community and civic efforts many changes have taken place. These include sidewalk canopies, remodeled businesses, color styling, off-street parking, new store fronts, landscaping—more than 25

projects completed and others in the planning stage. As the result, Smithfield was chosen and judged fourth in the nation in the 1962-1964 Community Improvement Program contest co-sponsored by the General Federation of Women's Clubs and the Sears Foundation. Smithfield was declared winner of the North Carolina division of the contest from which \$300 was received as the award. \$1,000 was received for being one of the national winners, giving a total of \$1,300 to be used further on community improvement. Smithfield now has a wide-awake, on-the-move look, and has established itself as a most progressive community.

Smithfield's Main Street

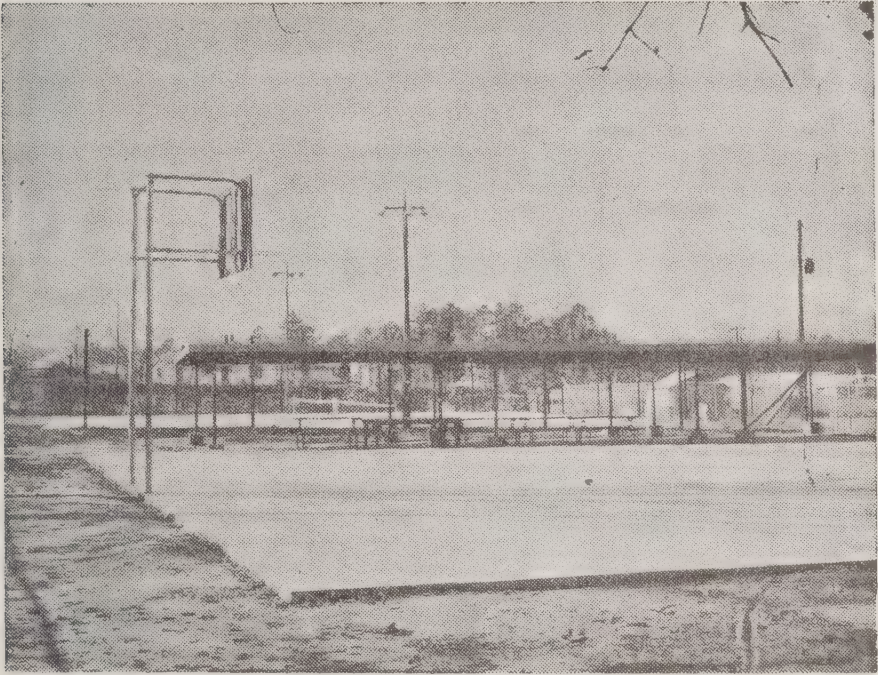

Canopy and Lighted Signs under "The Smithfield Plan"

In all of its long career, and through every turn in business, the town has never suffered a bank failure. It is one of the financial centers of North Carolina, through the presence of main offices of the First Citizens Bank & Trust Company.

The town was founded on land which John Smith, the first settler, donated. He had moved in from Virginia and obtained a license to operate a tavern at the site in 1765. Later he moved to Tennessee, where he died.

Kiddie Park—Project under "The Smithfield Plan," sponsored by the Smithfield Jaycee Club.

Basketball and Tennis Courts at Bingham Recreation Park

Smithfield was chartered in 1777, and must have had some facilities and prestige during the Revolution. The General Assembly was to have convened in New Bern in April, 1779, but a smallpox epidemic forced them to meet elsewhere, and they chose Smithfield.

It was at this session that the representatives made the first attempt to halt the nomadic wandering which had the assembly meeting first in one place and then another. A resolution was introduced naming a commission to "view and fix upon some place in each of the counties of Johnston, Wake and Chatham for holding the General Assembly."

Nothing came of this, and the resolution may not even have passed, for the Senate Journal of that session is lost.

However, when a capital site finally was picked, Smithfield was in the running. We frequently hear the town lost by only one vote, but the statement is always prefixed by the warning that it is only a legend.

Also, according to legend, a Smithfield man cast the deciding vote against location of the Southern Railway, fearing that the smoke and noise would be injurious to the quiet of the village. It later obtained the Atlantic Coast Line Railroad, which has since merged with Seaboard to become Seaboard Coast Line Railroad.

Beyond the commercial center lies the residential sections, mostly composed of comfortable but moderate homes.

They are built along old tree-lined streets, and even though close to town have an air of leisure and well-being. Smithfield, for all its concern over the replacement of farm labor and the need for new enterprises, is a town of quiet poise. It has over its 200 years, gradually equipped itself adequately.

As the result of combined community efforts, necessary funds for a new Smithfield-Johnston County Library were raised. Now a new \$500,000 library is in operation.

The relatively new hospital has already been enlarged and renovated, with all modern convenience being included in addition to increasing the number of beds to 200, including a new \$1,000,000 Mental Health Center.

The civic life is well balanced by organizations—civic, fraternal, cultural, literary, dramatic and professional. It has the city-county library, and also is headquarters for a seven branch county library system with bookmobile. A Historical Society is busy compiling a county history. There are 26 churches and 4 recreation parks, operated by a full-time city recreation department.

Smithfield's growth in size and responsibility has not robbed it of a social life which is as friendly and neighborly as that of the smallest rural community in the county.

Johnston County ranks third in the State in Farm income. It is one of the leading agricultural Counties in the U. S., and ranks 62nd in gross farm income. Tobacco is the highest money producer in the County. Johnston County is the State's largest producer of hogs. Selma and Smithfield have excellent hog and cattle markets.

Community Attitude

Business and professional leaders and the people of Selma and Johnston County are vitally interested in industrial development toward the welfare of the area. Facing the importance of further industrialization, leading citizens of Selma and the area formed the Selma-Smithfield Industrial Development Corporation.

City, County and State governments have demonstrated a wholesome and cooperative attitude toward old and new industry and business organizations. New industries that have come to the town and area in the past few years have found splendid community attitude and able, industrious labor. The community has several desirable sites available for industry and will meet reasonable requirements to serve new industry and provide new floor space on a sound business basis.

Within a radius of 20 air miles there is a labor pool in excess of 3,600. Approximately 1,000 high school graduates enter this labor force annually. Selma is served by the Seaboard Coast Line Railroad, and Southern Railway, and by 6 Trucking Lines. Raleigh-Durham Airport, one of the South's leading, is only 40 miles away. Valuations and tax

rates are reasonable and city utilities are available.

The Chamber Of Commerce, with the cooperation of town government and civic clubs, has started a concerted effort to get downtown business organizations to improve their properties, both inside and out. This is, of course, a long range program; however, it is being met with enthusiasm.

The Greater Smithfield-Selma Area Chamber Of Commerce offers its services without obligation. All inquiries are handled in strict confidence. For further information, please write the Greater Smithfield-Selma Area Chamber Of Commerce, Box 467, Smithfield, North Carolina, or telephone 934-8220.

PEOPLE KEEP PUTTING US DOWN.

Putting us down as their bank, that is.

Because Branch Banking & Trust Company offers everything people want from a full-service bank. From loans, checking and savings accounts to Master Charge, the all-purpose credit card.

You'll see why people have been putting Branch down longer than any other bank in North Carolina. And the nice thing about it is, we couldn't be more pleased.

Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

HILL'S SMITHFIELD and SELMA STREET and AVENUE GUIDE

INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1972

Star ★ Preceding Name Indicates NEW HOUSEHOLDER This Edition.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol Ⓢ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Star appearing between street number and name of occupant denotes new householder this edition.

Telephone numbers, as supplies to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**

A STATEMENT of ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
